Hourly Research: The Polish Mission is a treasury of resources; the Central Archives of Polonia and Museum Collections are all at your fingertips. Contact us today to discuss your project, and we'll make it our priority.

Digital Editing and Photo Printing: We offer customers top-quality photo digitization, editing, and reprinting. Any photographs, documents, or 2-dimensional artwork may be submitted. After a high-quality scan, each individual image will be digitally edited (“cleaned”) so that the final image looks as close to original as possible. All original artwork will be returned, and new artwork will be submitted via email. (Mailing discs will add additional shipping and handling) All image reprints are printed on high-quality archival paper, which under proper conditions will outperform standard photo paper, displaying luster and vivid color for years to come.
