

Congratulations Genia!

Genia Gorecki is a very familiar face here on the OLS campus. Through years of dedicated volunteer work, she's become one of our most hard-working volunteers, recognizable by nearly everyone in the Orchard Lake family. It was our honor that through our recent cooperation with Detroit Public Television, her powerful family story was shared with a fascinated audience all across metro Detroit. On September 22, we took the opportunity to host an exclusive screening of the pilot episode of *Genealogy Roadshow*, before airing on PBS. We owe her our thanks and congratulations for all of her and her family's efforts.
